

Primary Care Counselling

WELCOME TO RELATE

All sorts of people use Relates wide range of services to understand what's going on

in their lives, and change things for the better.

Our service provides interventions for:

- Anxiety, such as Post Traumatic, Panic Attacks, OCD and Low Self Esteem
- Depression, such as Low Mood, Loss and Low Self Esteem
- Sexual Abuse
- Gender Identity
- Behavioural Couples Therapy for Depression

All our Counsellors and Therapists are trained and experienced, with regular clinical supervision.

WHAT IS THERAPY?

Talking to someone who is a skilled listener can help you to overcome emotional difficulties and free you from self – destructive ways of feeling, thinking and behaving. It works by providing an opportunity for you to talk in a way that enables you to understand yourself better. Having gained this understanding, you can work towards living your life in a more positive way.

WHERE ARE APPOINTMENTS HELD?

Counselling can be accessed in the following areas:

Bridlington
Hull
Goole

Beverley
Cottingham
Hessle

HOW OFTEN ARE SESSIONS HELD?

Sessions are arranged to meet your needs. This is usually every week in the first instance and may change throughout the course of your therapy. Each session will be up to one hour long.

CONFIDENTIALITY

Counselling is a private and confidential form of help.

We work to the code of conduct, ethical principles and guidelines of the BACP (British Association for Counselling & Psychotherapists).

Our whole service is accredited by BACP, which includes the privacy of our counselling room and our whole administrative team.
